

laido Events Officer
Nomination statement
Anil Sahal

I am the current EO officer and as part of a bigger team member have secured and booked venues for BKA laido events in very good time, allowing our members ample time to make decisions about attendance. I have excellent organisational skills as evidenced above and honed in my professional role as a university academic where I organise events ranging from lecture modules to University Open Days where members of the public are welcomed to view our facilities. I am enthusiastic to ensure that all BKA members have opportunities to avail themselves of our events and I am especially keen to use better facilities with timber floors and in areas of the country that have been ignored in the past.
