

Alan Lee-Nash 3192

I have been a member of the BKA for 33 years and hold 6th dan Renshi in both iaido and jodo.

I am keen to help BKA members get the most from the Iaido Bu and for the dojo's to be kept informed of any issues and would welcome fresh ideas and input on ways to improve our great organisation.

I hope I am known to most people in the Bu, as well as the Management Team, and am friendly and approachable and have always strived to help the membership from holding a number of posts within the BKA most notably 9 years as Jodo Bucho.

I have always kept an open mind when discussing BKA business and listening to members concerns whether formally or informally and have looked at both sides of the equation and follow the principle of putting myself in the other person's shoes to look at a problem.

As Iaido DRC I hope to be able to help all the membership and to give positive and timely feedback to all the issues that may be raised.

I am sure that you all as an informed membership can get on with the arts you all enjoy so much, and whoever succeeds in the nomination for DRC chair they will get my full support.

I hope to be able to put myself forward in person at the AGM but in case I can't be there due to not being able to dump my daughter on the unsuspecting mother in law please do not hold that against me as I promise to devote time and energy into the position.
