

## **Jodo DRC Chair report , 2020**

Although this has been a turbulent year for the Jodo Bu EC due to worldwide events, from a DRC point of view there have been no issues raised.

I supported the decision of the NC and the Bu EC to remain in post during the current crisis as I feel this is the only practical solution to an extreme situation.

I canvassed opinion amongst DRC reps In January and May about having a DRC meeting (or informal virtual meeting in May) and on both of these occasions, nobody expressed an interest in holding a meeting.

I intend therefore to hold the next DRC meeting at the next jodo event to be arranged, whenever that is, so that we are complying with the constitution.

In the meantime I will continue to liaise with DRC reps and the Bu EC.
