The L2 Course Iaido/Jodo specific

The L2 course is aimed at existing level one coaches wishing to further their knowledge and gain a greater understanding of how to enhance their coaching style.

The tag line “Training athletes” is there to impress upon the delegates their responsibility in training students for grading and competition and to impress on them the importance of technical input for their students and gain an understanding of different approaches to getting the information to the student.

As stated in the delegate notes.

Please bring video equipment as you see/think necessary, and any equipment needed for your presentation.

The L2 course has an amount of pre-course work as laid out in the introduction that should be completed and forwarded to the Coach Program officer a minimum of two weeks prior to the course as set out in IJC2-01 of the delegate’s notes.
